About the hosting organization

The hosting organization is a small educational place which consists of a public elementary school and kindergarten. Their school is located near Poznań– a city in Greater Poland region (Wielkopolska).

The main goal of the team working in their school is to promote comprehensive education focused on skill development through traditional methods, together with the use of non-formal, practical, and interdisciplinary education. This approach takes into account the individual characteristics of each student and is based on the collaboration of teachers, parents, and children.

Leading Organization

The leading organization is part of the international network. In their activities, they combine international projects with local spirit and experience in working for peace, human rights, social justice, respect for the natural environment, and human solidarity.

Their mission is to promote a culture of peace and understanding between people through international volunteering projects, such as short-term volunteering -workcamps, long-term volunteering - European Solidarity Corps, and extensive educational activities.

Training during the activity

You will participate in the on-arrival and mid-term training delivered by the National Agency. It is a great opportunity to meet volunteers from other organizations and other parts of Poland. It will be also an opportunity to visit Warsaw and Toruń as the training takes place in those two cities.

Once a month all the volunteers will come to the office in Poznań for a one-day workshop/meeting. It will be a good opportunity to get to know each other and find out more about the leading organization and the international network movement. You will also learn some non-formal education tools and methods. They are planning to host around 10 people in different long-term projects.

Activity description

There will be two ESC volunteers working in the school.

Volunteer's tasks will consist of:

- assisting in different classes and school activities,
- assisting English teachers and helping students who stay beyond assisting teachers in the first grades of school (7-9 yo)
- preparing materials and decorations for different school events
- preparing and running activities for the school club (the place where the children stay after classes)

You are welcome to put forward any personal project or initiative that may come to your mind. They will do their best to accommodate your ideas.

In the summer you will co-lead one of our international volunteering camps (workcamps) - the flagship activity of the international network.

Participants profile

This role is an excellent opportunity for someone looking to make a meaningful contribution to education while gaining valuable experience in a supportive and vibrant school community.

They are looking for you if you:

- like children and like working with them
- are willing to create a friendly space for students at the school by organizing different types of activities
- are interested in languages/arts/theater/music/cinema/sports and have some skills/knowledge related to those topics that you would like to share
- are energetic and full of ideas
- are open-minded, flexible, and creative
- want to learn new things, mostly about the Polish education system, and teaching
- are well-organized, responsible and motivated to act

Some experience in working with children, non-formal education and teaching English will be appreciated. A sense of humor is always welcome :)

Accommodation, food and transport arrangements

You will live in a flat with another ESC volunteer or a room in an agrotourism housing (it is still to be determined). You will have your own room with access to the kitchen, and bathroom.

In the Rokietnica municipality, where Napachanie is located, a bus transportation system is available. The municipality also has numerous cycling paths (depending on the accommodation location, the volunteer may commute to school by bicycle, which will be provided by the school). You will receive money to cover food costs and pocket money (around 300 euros per month). There is also the possibility of having lunch in the school canteen. The first month you will get the monthly allowance in cash in PLN. Afterward, we will ask you to open an account in a Polish bank and will transfer the money at the beginning of each month.

The ESC program covers the insurance and visa costs if you need it to come to Poland.

The project covers your travel costs to Poland and back. The amount of reimbursement granted depends on the distance between Napachanie and the place you live in and the way you travel. By choosing green travel (train, bus) the amount of the reimbursement will increase and you will get more money back.

Bu başvuru için yüklenecek belgeler:

- İngilizce Europass CV
