This is who we are!

The host organization is a flexible aid residence located on the hill of Luserna San Giovanni (TO). It is a large house from the late 1800s surrounded by greenery that, since the 1980s, has started to welcome people with disabilities. The main objective of the service is the well-being of the people who live there.

The structure can host up to 21 people with serious and very serious physical and mental disabilities divided into two communities: Air Community (11 people) and Earth Community (10 people).

The life of the house is based on daily care and attention to the needs of individuals, and on building emotional relationships. Various educational activities are offered to guests both inside and outside the structure.

Two educational-care teams made up of social workers, educators, rehabilitation therapists, health personnel, together with the other professional figures, accompany the guests.

About the activity

The aim of host organization is not to "do for" but "do with" guests. The moments and daily spaces of hygiene, meals and rest are meticulously cared for and are scrupulously personalised. The activities are offered to preserve and enrich the resources and potential of the guests.

The volunteer will also participate in and support any events promoted within the various active projects at host organization. During the daily working hours the volunteer provides supporting service for "animation", "physiotherapy", "daily centre" or according to a program of activity to be decided with the responsible service staff.

Volunteering is a full-time activity, in which the service is for five days per week, scheduled from a minimum of 30 hours up to 38 hours per week. Each month the volunteer accumulates 2 days off as holidays.

The volunteer will help in different kinds of workshops, such as gardening, painting, cooking or reading books, to improve the autonomy and well-being of the guests. The volunteers will be actively involved in the weekly planning of the tasks, and according to their own personal interest and skills she/he/they will have the opportunities to propose their own activities .

Seminars

Coordinating organisation, offers 3 seminars in which the volunteer can meet with the other volunteers involved indifferent long term volunteering projects of Coordinating organisation:
