This is who we are!

The host organization is situated in the north of Denmark, 3 kilometers from the large inlet, Limfjorden. From the school, there is a great view of Vilsted Lake, which offers good opportunities for activities such as canoeing.

The host organization has old, beautiful buildings and offers a wide range of leisure activities. Students complete either their 9th or 10th grade at the school. The school is based on the idea that students can suggest and help develop new subjects and courses during their stay. A variety of subjects are offered almost every year, such as sailing, diving, adventure activities, horseback riding, music, design, dance, and media. Other subjects have been developed together with students over time, including martial arts, street performance, Hell's Kitchen, and drama.

In recent years, the host organization has strengthened its international profile in several ways by offering a full range of IGCSE Cambridge subjects, establishing partnership agreements with schools around the world, and traveling with students three times a year. As a volunteer, you will be part of this international atmosphere and actively contribute to it.

About the activity

The volunteers will be part of the special fellowship that exists on a Danish Efterskole. As the volunteers are older than the students they will also be positioned as leaders, authorities and consultants which is a great opportunity to develop pedagogical abilities and the ability to structure and plan events for others. As all of the students also visit other countries, the most important tasks for the volunteer is to create an intercultural environment at the school. This could be done through informal cultural activities, dancing classes, language classes etc. – good ideas are welcome! There are often activities in the evening or in the weekend. Often it will be expected of the volunteers to participate in or contribute to these activities. If the volunteer is responsible for the activity he or she will of course have another day off, but the volunteer is encouraged to participate in as many activities as possible in order to have a rewarding experience of the stay. The average working hours will be 6 hours a day excluding Danish classes for the volunteer. An important outcome of the stay is also that students develop their social and personal skills so they are ready to continue their studies and an independent adult life after their stay.

Volunteer Profile

The volunteer must be between 18 and 30 years old. The volunteers must be mature, open-minded and able to work based on his/her own initiative. We would prefer people with a good command of spoken and written English language and either Spanish or French. Volunteers with a creative skill – dance, music, sports etc. will be preferred, but other cultural skills will be important assets. We are also looking for volunteers who are native speakers of either English, French or Spanish. Volunteers with an interest in globalization are also welcome. And you should be prepared to live in the countryside among a lot of young people. It is necessary for volunteers to have a driver's license because you will live in the countryside.

Seminars

As a volunteer within the ESC programme, 2 seminars are offered by the Denmark National Agency, in which the volunteer will meet other volunteers involved in other organizations activities and from all over Denmark.
