This is who we are!

The pedagogical approach of the Kita emphasizes an integrated children's yoga program and a musical focus. Daily singing and music-making, along with yoga exercises and breathing techniques, are key components of our educational activities. These practices aim to promote body awareness, help children manage stress, and support their overall well-being. The team of educators fosters an environment where each child's individual needs are met, ensuring holistic and creative development in a supportive and nurturing atmosphere.
