This is who we are!

The Citizen's house is a point of access to the law (free and confidential). The citizen's house also develops projects aiming at consolidating social cohesion, with the help of 8 volunteers : 6 french volunteers and 2 international volunteers.

About the activity

For 9 months you will work in a team with 6 other French volunteers and 1 European volunteer. During this time, you will create strong bonds within your team, as you have to work on all the projects together as a group. You can look forward to the two cohesion seminars with the team, as they are an amazing bonding experience!

There will be 7 – 11 missions overall that you will be working on. While most missions have an allocated time slot in the week, your weeks will look different every time depending on what needs to be done.

While the missions are never the same each year and are always very diverse, the framework stays the same. You will be working with senior citizens, children in a primary school, and children with disabilities. You will create projects around cultural heritage, sports, and solidarity. There will also be a project focused on the preservation of biodiversity. You will see the public you are working with regularly and are always accompanied by your team and your team coordinator.

While the projects are already prepared, it is important for you to give your own input. You will share an apartment not far from the city center with the other European volunteer. The apartment is well equipped and there is no need to worry about your living situation!

Volunteer Profile

- Age: 18–30 years old
- We are looking for 2 dynamic and motivated volunteers with an interest in the missions proposed.
